Approval of Minutes:

Motion made by Maria Johnson, second by Chester Burrell to approve the minutes from the council meeting April 1, 2019 as received.

ROLL CALL:

Lisa Beard – yes	Chester Burrell – yes	Tiffany Burton - yes
Maria Johnson – yes	Shanell Thompson – yes	Delbert Vance - absent

Public Comments:

Kalifa Alexander, Metro District 3 Legislative Assistant, I am here to present this information on behalf of Harbor House, Ken-DUCKY Derby, you can adopt a duck, I have all the information to present to you.

Frank L. Porter, Pastor, 3950 Dixie Hwy., we are planning our 2nd Annual Backpack Give Away in Shively Park on August 10th. We want to invite you Mayor to kick off our event, Chester Burrell spoke last year. I hope all the council can come out to support our event.

Wilma Bolton, 2420 Garrs Lane, I want to know if the sidewalks will continue past Savage to Dover, to go in front of the last 5 homes on Garrs Lane. Why can't we get sidewalks? On Dixie Hwy. can something be done about cars cutting through parking lots to avoid the traffic on Dixie. At the corner of Garrs and Dixie they cut through the liquor outlet parking lot.

Mayor Beverly Chester-Burton discussion:

- Health fair with Anthem.
- Saturday, Pancake Breakfast 9-11am, Easter Egg Hunt 10 am, at the Community Building.
- PVA townhall meeting date has not been set.
- Turn in budget requests by April 30th.
- Vacant properties.
- Requiring a form, like the Metro Neighborhood Development Fund, to be filled out when people come and request money for events.

Jodie Mudd, Golf Instructor, I noticed at the Alex T. Farnsley golf course nothing was going on. Renovating the golf course, fixing the driving range and reworking the course needs to be done. If you do this, it will be the only par 3 golf course around. I want to reach out to JCPS to back this project and encourage you to partner with the sponsors I have listed to raise the funds. Metro Parks is considering closing the Sun Valley and Bobby Nicolas course, that will be 24,000 rounds of golf that will go somewhere. It makes sense to open this new facility so they will have somewhere to go. The course we designed is unique. Each hole will have two sets of tees per hole. If a player wants to play through another nine holes they can do so from the other set of tees and see the course from a different perspective. A ballpark estimate to just get the course in shape, \$218,000. The City would need to hire a manager, maintenance staff and employees in addition to that cost.

Dennis Trammell, Certified Sports Trainer, features of this par 3 project will be having Butler High School so close, kids, older adults, beginners will use a par 3 to work on their short game. The benefit to your facility is the short amount of time, 1.5 hours to play a round, opposed to the normal time 4.5 hours on an 18-hole golf course.

John Haywood reported the Public Works Department will be hiring two new employees.

Maria Johnson announced the Easter Egg Hunt at 10 am and the free Pancake Breakfast 9-11 am, at the community building, this Saturday.

Maria Johnson, I spoke with Tracie Little and she is still in need of decorations and a D.J., a resident will be donating 8 prom dresses to the event.

Maria Johnson, I want to report that Troy Burks and Mr. Lovelace met together and will be working together.

Chester Burrell, I want to ask you all what you think about meeting every two Mondays at the first of the month at 6 pm instead of meeting three Mondays per month at 7 pm. The first Monday of the month we would have a business meeting and the second meeting would be a council meeting.

Chester Burrell, I want to talk to everyone about having a boy and girl restroom in the park instead of the portable potty.

Tiffany Burton, Wendell Vincent approached me about taking calls for use of the park since he is not on the council anymore. I will be working with him on scheduling. He is going to continue to help set up.

Adjourn 8:12

Motion: Maria Johnson

Second: Chester Burrell
